

Vital Signs Update: March 2014

We are continuing to inform the public about Lincoln Vital Signs and the information contained in the full report at www.lincolnvitalsigns.org/.

L Magazine published a nice [article](#) about the breakfast meeting and launch of the report in their most recent magazine.

The Council on Foundations shares news with other community foundations across the country. In February, they posted stories on how community foundations collect and share information. Read a blog they posted: [Lincoln Vital Signs--Using Data to Guide the Future.](#)

The report is being discussed and findings have been presented in many community service meetings. A listing of future scheduled presentations can be viewed on the Vital Signs homepage. If you would like to schedule a Lincoln Vital Signs presentation for your organization or business, please contact Sarah Peetz at the Lincoln Community Foundation, sarahp@lcf.org or 402-474-2345.

Please continue to discuss Lincoln Vital Signs with your friends. Let others know they can sign up to participate at <http://www.lincolnvitalsigns.org/>. Use the website to share feedback and comments on how you are using the report.

Community discussions will take place later this year, and we will keep you informed of when they are scheduled.

We appreciate your interest in helping Lincoln continue to grow, prosper and be a great city for everyone who lives here. We can do this. We are Lincoln.
